F. M. LANE'S PERMANENT GLOSS PAINT.
Important Improvement in Painting!

A PERMANENT GLOSS PAINT for interior work has long been a desideratum. All paints prepared from Linseed Oil, will rapidly turn from the lightest and most opposite tints to the yellow color of the oil itself, the change being the more rapid as the paint is excluded from the full light of day.

The subscriber, after a sufficiently long experience in its use, can recommend it as the only Gloss Paint in which this important defect is effectually remedied. This beautiful paint can be applied of any color, from the purest white, resembling enamel or porcelain, to all the different varieties of tints, suitable for private dwellings, Churches, Hotels, &c., whilst in brilliancy and richness of surface it surpasses all other paints, it possesses superior advantages in retaining permanently even the most delicate colors with which it is combined.

Also, Plain and Ornamental Painting, decoration of Private Dwellings, Churches, &c., Sign and Fancy Painting.

An Idea of Fairness.

The *News* professes to desire to "play fair" in this political contest. Indeed nothing seems so much to vex its innocent soul as the shocking unfairness of the Republican press, while, for its part, it adheres strictly to truth and righteousness. Thus in its long leader of yesterday on this subject, after proceeding for several paragraphs, it suddenly exclaims, [illegible] quite carried away with generous zeal for a holy cause, which scorns to despise any unfair advantage.

It will be seen that we offer to enter into the discussion fairly, to publish no uncertain rumors, no unsupported charges.

Very well. Now let us see what our neighbor's ideas of fairness, &c, are. It is well always to settle the preliminaries of a discussion. We find then the following paragraphs in the same article from which we take the above:

Fremont was but very few days in the Senate. At that time he was a Democrat. He acted then with the pro-slavery men, with the ultra pro slavery men, and [illegible] has never, that we have heard, declared any change of opinion.

Now Col Fremont probably knows his own mind as well as does the editor of the *News*, and we have had for a long time at the head of our columns the following words of Col Fremont's:

[illegible]

So that if Fremont ever was an ultra pro slavery Democrat, then he *has* changed wonderfully, and the *News* has heard of it; but if Fremont has *not* changed, then he never was an ultra pro slavery Democrat as the *News* alleges, and our [illegible] must get out of the dilemma as he best can.

In the same article we find the following:

We do wish them to answer, how they—when they abuse the Democrats because Brooks struck Sumner—can uphold Fremont, who struck Foote.

Considering that it is a historical fact that Fremont did *not* strike Foote but that Foote struck Fremont, this last paragraph, in connection with the one above quoted from the *News*, furnishes a very complete idea of what that paper thinks to be "fair" and honorable.

JOHN VAN BUREN'S PLATFORM.—Workmen were busy yesterday evening erecting a platform in the Court House Square for JOHN VAN BUREN to stand upon to-night. We can furnish one [illegible] in the following resolutions of the Buffalo Convention of 1848, and should like to see Mr VAN BUREN stand upon it, as he once did:

Resolved That the proviso of Jefferson, to prohibit the existence of slavery after 1800, in all the Territories of the U S Southern or Northern, the votes of 6 States and 16 delegates in the Congress of 1784, for the proviso, to 3 States and 7 delegates against it, the actual exclusion of Slavery from the Northwestern Territory by the Ordinance of 1787, unanimously adopted by the States in Congress, and the entire history of that period, clearly show that it was the settled policy of the nation not to extend, nationalize or encourage, but to limit, localize and discourage slavery, and to this policy which should never have been departed from, the Government ought to return.

Resolved That the true, and in the judgment of this Convention the only safe means of preventing the extension of Slavery into territory now free, is to prohibit its existence in all such territory by Act of Congress.

GREEN COUNTY AWAKE.
7,000 Men and Women in Council!

The Monroe *Sentinel* comes to us with a glowing account of the great meeting of the Freemen of Green County at that place on the 23d. The day was fine, the people in the best of spirits, a resolution to do their whole duty for Freedom animating every heart. Large delegations were present from every town. In one town, (York) there is not a solitary Buchanan man left! Able speakers were present and after a good time the crowd separated for their homes. "Old Green means to be the banner county this fall."

At Beloit next Wednesday, there will be a grand rally of the freemen of several counties. Many towns are preparing to send large delegations, and we hope that there will be a good attendance from this quarter. The hospitalities of the people of Beloit are proverbial, and the latch string will be out on that occasion.

The Libellers of Fremont.

The *News* of yesterday, in an elaborate personal attack upon Col FREMONT, repeats a number of slanders which have been again and again repeated and branded, but which, nevertheless, the Buchaneer organs cling to with the instinctive tenacity of drowning men. The *News*, however, coolly insists that it has [illegible] one of those charges, and defiantly invites a reply. It says:

In relation to the first proposition we have already proved that Col Fremont made a use of public funds, that was a breach of trust. That he bought cattle with them for his own use, and sent them to his own land to be used on shares for his private emolument. This charge his friends have not refuted, and cannot.

We have offered to copy any refutation of this charge, if our opponents here will publish the official documents on which the charge is based. But they dare not.

We have published two elaborate and conclusive refutations of this very charge—the one from the N Y *Evening Post*, the other from the Hon C C WASHBURNE, our Representative from the Western District. And we again call the attention of the *News* to the emphatic declaration of Gov GORMAN, who was Chairman of the Committee in the House of Representatives which investigated these matters at the time. He said (Feb 12, 1850):

I will say for Col Fremont that when I went into the investigation of this transaction I had some prejudice which I thought perhaps might be unfounded, and which I am now satisfied were unfounded. The prejudices which had been upon my mind have been dispelled by the investigation of all his conduct in California, and I am prepared to bear testimony on this occasion to the correctness of his [illegible]

[illegible]

Nothing can be more [illegible] and complete than this refutation. And Gov GORMAN said the Committee unanimously assented to it, and the House as unanimously endorsed by passing the bill to settle the accounts without a dissenting voice. So much for the cattle slander. And so it is with that, so is it with all the other weak inventions of the Buchaneer press, in regard to Col FREMONT. They are mere electioneering lies, got up for no other purpose than to blind the ignorant or unwary to the real issue of the canvass and cheat them into the support of BUCHANAN AND SLAVERY. But they will not avail.

THE APPEAL OF THE KANSAS MEN TO THE PRESIDENT AND ITS RECEPTION.—On the evening of the 26th inst, Mr W F ARNY, Secretary of the National Kansas Committee, left this city for Washington, charged with an appeal to the President in behalf of the Free State men of Kansas, who seemed in danger of extermination by the gathering hordes of ruffians. On Saturday last Mr ARNY called at the White House. We learn that the President was too much occupied to see him on the subject, and he was turned over to Mr Sydney Webster, the private secretary of the President, who informed him that it was his opinion that the Free State men would have to take care of themselves—that the President was just now so much engaged that he could not attend to the matter. With this consolation, Mr ARNY left his paper in the hands of the private secretary and took his departure from the White House.—*Chicago Press*

The appeal of the Committee is brief and temperate, yet strong. If the President's aid was called for to arrest and send off a fugitive slave, the whole force of the U. S. would be immediately at the command of the claimant; but freemen in Kansas in vain appeal for help to save them from murder and outrage—"the President is too much engaged to attend to the matter."

WINNEBAGO COUNTY.—The total value of all taxable property in this county as assessed the present year is $1,050,072, of which sum the city of Oshkosh is set down at $252,4[illegible] or nearly one fourth of the entire sum.—*Oshkosh Democrat*.

What an absurd farce is this business of assessment in this State! Here is the thriving city of Oshkosh, with over [illegible]000 inhabitants, doing a heavy business, its merchants wholesaling large amounts of goods, and yet, for want of a just assessment law, it is obliged to go into market with any bonds it may wish to negotiate with an undervaluation which would make its agents to be laughed at in Wall Street. The property, real and personal, in Oshkosh could not be bought [illegible] for [illegible] million of dollars.—The same thing goes on all over the State. Will we ever have a just tax law?

THE CONGRESSIONAL CONVENTION TO DAY.—The Mineral Point Convention meets to day at 12 o'clock. There will no doubt be candidates enough for the nominations, and we trust a Democrat will be nominated who will unite the party in his support and one who can be elected.

Disguise it as we may, Mr Washburne is a working member, has *never* forgot the business interests of his constituents, and notwithstanding his politics is highly popular. Should he receive a re-nomination at the hands of his party, we shall require a strong man to beat him.

So says the Madison *Patriot* of day before yesterday, paying a well deserved compliment to a political opponent. Mr WASHBURNE has in fact been renominated by the Republican Convention which met on Wednesday at [illegible], and his constituents mean to re-elect him by a largely increased majority.

RULING OUT THE ANTI BARSTOW DEMOCRATS.—The *News* of yesterday officially announces that A F PRATT of the *Plain Dealer*, and J[illegible] SHAVER are the rightful delegates from the 10th Senate District (Waukesha) to the Buchanan Congressional Convention. *Per Contra*, the Waukesha *Democrat* says that DEWEY K. WARREN and FINDLEY McNAUGHTON are the delegates elect to that Convention. The *News* ignores the last named gentlemen and discards them for the others simply because the latter are reliable Barstow Democrats, while the former are only Buchanan men.

THE NATIONAL ALLIES.—The Washington correspondent of the N. Y. *Express*, a leading K. N. organ, deplores the fact that some of Mr FILLMORE's friends think that *he* has no show, and "that, therefore, rather than allow the least chance for FREMONT, it would be better to support BUCHANAN." The correspondent protests against giving it up so, but adds:

If such were really the alternative, I should say so too, and support Buchanan as five thousand times preferable to such a man as Fremont.

Of course you would. Know Nothingism and Slave Democracy, Old Fogy Whigs and Hunker Democrats, are natural allies, and before this campaign is over will be found acting heartily together.

RANK TREASON.—We saw yesterday a huge cart load of boxes and bedding travelling up town surrounded with some 20 or 30 emigrants of all ages, several of the men carrying guns, one little boy of 8 or 10 having one slung over his shoulders, giving him as much of a load as was comfortable. We looked around to see if the U. S. Deputy Marshal was anywhere to be seen, expecting him to arrest the party for treason. It is treason now for freedom loving emigrants to go armed into Kansas—why not just as much here?

HARVEST.—The wheat and oats in this vicinity are secured in good condition. The yield has been the best known since the settlement of the State, and though some injury has been done by the chinch bug, there is enough left to make our farmers comfortable at a dollar per bushel.

Corn and potatoes are growing slowly, but the want of rain is felt very much. There will be a fair crop.

There never was better weather for the gathering in of the golden yield than there has been this season. Long days, just warm enough for pleasure and just cold enough for comfort, have enabled the proprietors of the waving crops to work without fear of showers or sickness.—*Whitewater Gazette*

ACQUITTED.—The Jury in the case of Benjamin Doxtater, who has been on trial during the last two days, charged with manslaughter in the fourth degree, came into Court late last evening, and rendered a verdict of "not guilty." E. S. Bragg, District Attorney; Messrs Truesdell and Eldredge for prisoner.—*Fond du Lac Union*

Men and Things in Gotham.

NEW YORK, Aug 22, 1856.

MESSRS EDITORS:—Independent of politics and yellow fever, things are very stupid in Gotham, a ripple only now and then breaking over the surface of society, giving its evidence of life. Since the first of the month we have been spared further heated terms and August has been a remarkable month, considering the "dog star rages," the thermometer indicating a pleasing state of the mercury, and the weather all that the most exacting could demand, interspersed, however, with rain storms of fearful magnitude and gales partaking in their character of the equinoctial. We have just seen the last of a rainy visitation enduring about 12 hours, in which time between three and four inches of the element fell, showing the cobble stones fairly after a long disguise and placing our streets as far as possible in a state of delicious freshness.—Nothing but a bountiful Providence dispensing such rains as we have had has apparently preserved us from all the horrors of that dreaded pestilence, yellow fever. On that subject intense excitement prevails in the localities adjacent to Quarantine, extending to a greater or less degree to this city and Long Island. In spite of the doubtful caution which denies and calls things by their wrong names, "yellow jack" is around us, and some say, who say they know, that the disease is prevailing and spreading fearfully, principally on the Long Island shore, among a class of people whose position generally enables them to escape contagious diseases at [illegible]

Barricades are to be erected in the southern portion of Brooklyn and the strictest measures generally are being taken to confine the fever to a narrow a compass as possible, taking, however, the worst view of the existing state of things, a visit to or residence in New York is not considered any more dangerous than usual.

Politically matters are warming up a little—[illegible] as regards Republicanism. The young men [illegible] at work, and thorough organization is perfected. Every section has its Club, and every night a Fremont crowd may be admired [illegible] by the curious or doubting. "Micky" and "Hans" seems to have waked up too, and good Irish and German speeches in behalf of F[illegible] indicate the character of the coming contest and probable victory.

What the Express called a "fizzle" in South Brooklyn the other evening, I know was one of the most enthusiastic and encouraging crowds you could wish to see. Half the audience was [illegible] it as being composed of ladies. Well, they [illegible] youth and beauty of that portion of the city, giving their countenances to brothers and friends who, lethargic usually as regards politics, have given this campaign their hearts and hand for Freedom; but there is no necessity for nailing lies to the counter, when all the [illegible] [illegible] begins, the only remedy should be an express state law against such co interference, yet after all a guilty conscience, before the next snow storm, will prove a sufficient punishment for the offenders.

The Government appropriation for a Post Office in this city will create quite a spirited rivalry among the candidates anxious to dispose of real estate to advantage. The *Tribune* and *Times* are in favor of the Brick Church site, or lower end of the "Park," which, as regards the latter, would be a species of vandalism inexcusable.—The other points are Burton's Theatre, Stewart's, St John's Park, and the building where "Uncle Sam" at present does his business, which, with the necessary enlargements easily made, is the only spot that should be thought of, if the feelings of the commercial portion of the community are to be considered at all.

[illegible] affrays, burglaries, abductions, feminine and various [illegible] items belonging to the same category, distinguish our town at present almost beyond precedent, and I have no doubt many people would consider Gotham not Gotham, devoid of such daily amusements. It is certainly true that one becomes callous to such evils by their frequency, and resigned to the fate which seems to have [illegible] power.

Besides political notorieties in town occasioned by the adjournment of Congress, we shall soon have the pleasure of inspecting some foreign lions of sufficient magnitude to be interesting, and whose business qualifications will lead them to get a more correct idea of "Brother Jonathan" than is common with our English visitors, and there seems to be a good deal of satisfaction manifested here in anticipation of the visit to our shores, for the first time of Sir Robert Lowe, of the English Board of Trade, and Mr John Delaney, the accomplished editor of the London *Times*.

The movements of the celebrated London detective officer in our midst, and immortalized by Dickens in his Household Words as inspector Field, are so very quiet, that very little of the prevailing curiosity to see the man will be gratified. What a gem a police officer must be who, in the midst of pleasure and strangers, dare not allow himself for a moment to forget his character for keenness and quiet caution. Such a one comes up to our ideas of perfection, and what a prize he would be here as Chief of Police naturally suggests itself.

Twenty years ago Broadway corner 19th St, was out of town, and the street was nothing but a road partaking of the rural slightly in its appearance. Lots there on a long lease brought [illegible] per year rent. Such a lease has just expired, and can not be renewed under $60[illegible] per lot. One could hardly get a better idea of the growth of Gotham in a short time, than by such an item.

Those interested in the abduction from this city of "our Maggie," by a German some time since, may be pleased to learn that the rash young man has been recently sentenced to two years in the State Prison.

On the 6th Avenue R. R. they have adopted a new car which is said to be an improvement on the old kind: the driver takes the fare and is mounted on a box, 'bus like, and drives a one horse or mule concern, as the case may be, instead of two, while speed and economy seem to be gained by the change.

Buchanan Read's portrait of "Fremont" is an excellent, but a stiff picture. Mrs Fremont's is a much more pleasing and attractive picture, arising from the greater freedom in handling the subject, which should have characterized both subjects under the circumstances.

Both at Goupil's and at W. & S.'s there is always something to attract the eye, and those who love art cannot do better with an hour "en passant" than employing it in getting some new ideas of the artistic or beautiful in those emporiums where their reign is held.

Powers' statue of America, which is awaiting purchase by the Government at a very high figure, is severely criticised by Americans abroad, being as it is said, simply a finished and graceful figure, meaning nothing.

Mrs Stowe's new novel "Dred" will be issued here 12th September, and will rank with "Uncle Tom" if not excel that wonderful production in point of interest and literary merit. "Webster's correspondence" will be issued in Boston about the 1st of October; the work is edited by his son, Fletcher. Emerson's English Traits is a delightful book, and is the best analysis of English society and character we have had. "Maretzek" starts a short campaign at the Academy in September with the old artists and such desirable new talent as may accidentally turn up. The German Opera will be under way at the same time, giving rise to a spirited opposition, while Burton and Miss Keene, in the dramatic world, are expected to keep the city full of novelty and excitement.

That thorough gentleman and unsurpassed singer Badiali, has returned after many years absence to his home in Italy, respected by all who have had the pleasure of listening to his royal voice, or watching his well bred manners while here, so much in contrast with the majority of those who do the operative professionally.

Boucicault and wife return to Wallack's next week, and the author of "London Assurance, &c" has stamped himself here as an intellectual actor, second to none we have seen.

The Dramatic Fund benefit at the Academy on Monday, was a "hodge podge" as usual, but drew a good house in spite of moderate talent, scattered on the occasion, over a good deal of ground.

The bonds of the Mil & Horicon R R are advertised to be sold here at auction on the 21st of September. I trust they will realize all that is expected from them.

The cricketing world has been very lively of late, the great match between the N Y and S G clubs, in spite of the masterly play of "Bingham," who got in one innings 64 off the bat without giving a chance, and against the best bowling the N Y Club has ever shown, terminated adverse to the "Dragon Slayers." On Monday next, all Philadelphia plays (at Hoboken) the N Y Club, which will be the most interesting occasion of the season as it will be the conquering game. VIOLA.

For the Milwaukee Sentinel

"Town 25, Range 10," Heard From.

MESSRS EDITORS: In your paper, a few days ago, you publish an article headed, "Bridge Creek Heard From," and ask, "How about Spring Creek, Gilbert's Mills, Town 25 Range 10 &c."

I was at Plover one day last week, and in a conversation with Hon GEO W CATE, Circuit Judge, the Judge informed me that "Town 25, Range 10," had actually and reliably been heard from. He said that a Norwegian, who resides in the east part of Portage County, went out one day, about three weeks since, hunting, and went into Town 25, Range 10. Not returning at night, nor the next day, parties were started in search of him, and they hunted for nine days before he was found. The Judge said the whole number searching was not less than twenty at any one time and was some days as high as forty, and yet, although the lost man had not been out of Town 25, Range 10, during the nine days, and the men in pursuit had been all over and around that township, neither he nor they had seen a house or habitation of any kind or any evidence of civilization. The Norwegian saw large numbers of bears and wolves, *but [illegible]*.

Who "*forged*" the Barstow returns from Town 25 Range 10? Where are "Supplement SMITH," "Chambermaid" SESSIONS, "Hon" St GRAY and "Jackson BARSTOW"? *Are they all enlisted for Buchanan and the Cincinnati Platform*. Yours, PURKE.

Westfield, Aug 25 1856.

St. Anthony—The Upper Mississippi.

ST ANTHONY, Aug 16th.

MESSRS EDITORS:—Allow me to tell you that ST PAUL *is not the head of navigation on the Mississippi* as, perhaps yourselves and others have supposed hitherto.

Some time in June, or the latter part of May last, the largest boat that has been up the river to St Paul—the *New York*—came to St Anthony and discharged 120 tons of merchandise, having no difficulty *above* St Paul. But said St Paul men, "*the water was high then*." Well, a few days since the *Fanny Harris*, a fine steamer, came up to St Anthony, having less difficulty *above* than *below* it. Indeed "Beef Slue" and "Pig's Eye Bar" are both worse for boats than any place between St Paul and St Anthony.

Now in this great drought, the river is at its lowest stage on the Mississippi, and yet a boat comes up to St Anthony with less difficulty—so the boatmen said—than they do below St Paul. So let it be understood that St Anthony, and *not* St Paul is the *head of navigation* on the Mississippi unbroken from its mouth.

Above here the river is navigable [illegible]0 miles, then there is a carrying place of some 25 or 30 miles, then a slow current, deep water, and good navigation for 350 miles to Pokegama Falls, and the time is not far distant when that upper region will be called as this is now, the "*Upper Mississippi*," and a finer country, so far as health and productiveness are concerned, can hardly be found in the Great West.

ST ANTHONY.

Correspondence of the Sentinel

A False Statement Corrected.

HARRISON, Me, Aug 20th, 1856.

MESSRS EDITORS:—A friend of mine in Wisconsin sent me the Appleton *Crescent* of August 9th, 1856, a little 7×9 sheet. Among the many falsehoods in that paper, I send a slip cut from it, saying "the Kennebeck *Journal*, for many years the leading Whig paper of Maine, and formerly edited by the late Hon LUTHER SEVERANCE, is fighting with all its pristine vigor for Buchanan, the Constitution and the Union."

It is *utterly false*. The Kennebeck *Journal* is a strong Republican paper, for JOHN C FREMONT for President and HANNIBAL HAMLIN for Governor. I am a subscriber to the paper. Maine will go for JOHN C FREMONT and DAYTON.

Yours truly,
GEO PEIRCE.

NORTHERN SENTIMENT.—The Memphis Tenn., *Appeal* of the 1[illegible]th, publishes the following as a specimen of "Northern Sentiment:"

A friend has permitted us to make an extract from a letter received yesterday from Cleveland, Ohio, which shows pretty clearly the state of feeling in the North. It says "Politics here look very bad. Prospects for Buchanan or Fillmore, in Ohio, are as dubious as the man in the moon. In this city, almost everybody is for Fremont. In our office there are some ten or twelve Fremont men, two Fillmore and two Buchanan. These few items will show you the sad state of depravity in this office. Fremont men expect to carry Ohio, by about 50,000 majority. I can get plenty of debts on his election."

DEATH AT THE ALTAR.—Father Schaffleiter, officiating priest at St Mary's Church, Buffalo, fell dead on Sunday morning last, as he was rising to preach. The Buffalo *Courier* says:

"The church was densely crowded at the time, and the effect upon the congregation can better be imagined than described. He is spoken of as a man who was widely beloved by the people of his church, and his sudden death will be greatly lamented. His funeral takes place to-morrow. The cause of his death is supposed to be disease of the heart."

THE SHOWER OF LIES.—Henry Ward Beecher says in the last *Independent*, very truly and eloquently:

This campaign is to be one of eminent and abounding falsehood. It will rain and hail lies. They will come like gnats and locusts, like frogs and murrain. Let no man be alarmed.—Col Fremont from this time till November will walk in a storm of fire and brimstone, and nothing will prevent his being consumed but that which preserved Shadrach, Meshach and Abednego. God will preserve him.

It is a matter of gratulation that we have at length a man presented for the Presidency, of scrupulous honor, of manly bearing, of incorrupt morals, of a heroic spirit, young, enterprising, proved in danger, of an excellent judgment, of great sagacity in practical affairs, remarkable for capacity to command, and for habits of self command, and above all an unworn, unhackneyed politician. He is an honest man, and he is not a supple politician.

Against such an one there can be brought no political charges, no broken promises, no tergiversations, no conduct supple, evasive, unmanly, dishonest. He has no feuds, no party commitments, no political enmities. He is a clear, fresh, able, honest, heroic man. Let us try how it will seem again to see such a man President of the United States.

Therefore, let Christians pray for him, let all men work, let lies breed and swarm and buzz and die like musquitoes in a morass, but let every true man go right straight forward, talking, spreading papers, reasoning and persuading, and then let November be the judgment-day of faithless, treaty-breaking, slave spreading party.

M. & M. R. R. BRIDGE.—This bridge, which crosses Rock River at the head of Main street in this city, will be finished in the course of six weeks, and the company will then occupy their new and commodious freight depot, on the west side of the river. One hundred additional hands will be placed on their works here within a few days.—*Janesville Standard*.

Political Meeting at Belleville.
The Question Fully Discussed and a Vote taken.
ONE FOURTH OF THE BUCHANIERS.

There was a political meeting at Belleville in this county on Friday last. Men of all parties were invited to attend and listen to a free discussion of the issues of the present campaign. The people of that and the adjoining towns turned out in large numbers. From all accounts at least a thousand people were in attendance. We have heard the number variously estimated, from 201 in the Argus to 2,000 by some enthusiastic Fremont men. The Democracy of Madison deputed Geo B Smith Esq, whose connection with the last State Convass has given him a wide reputation, and Mr J H Lewis, the Demosthenes of the Madison Buchanan Club, to attend and maintain the Cincinnati platform. Mr J W Johnson of [illegible] place and one or two Belleville speakers took the Fremont side.

Geo B spoke twice and Johnson twice. Report says that the latter spoke with an eloquence and power rarely surpassed, and completely used up his adversary. Mr Lewis got on the wrong track and did not have his usual success in fascinating the audience. The meeting began in the forenoon and lasted until late in the afternoon.

After the speakers had concluded a proposition to take a vote was made and agreed to.—The Fremont men were requested to go on one side and the Buchanan men on the other, when alas! for the oratory of Geo B and alas for the persuasive rhetoric of John the whole audience, "with the exception of six," took the Fremont side. Such was the Belleville meeting, and the result of a full and fair discussion of the platform of Freedom and the platform of Slavery. —*Madison Journal*.

DON'T LIKE THE PROSPECT.—The Waukesha *Democrat*, a zealous Buchanan paper, thus writes its protest against the nomination of Mr HADLEY for Congress in this District:

From all that we can see, we judge Hadley will probably get a majority of the Delegates from Milwaukee County and may possibly be nominated at Racine. Hadley is the candidate of Lipton, Hale, McArthur & Co, and is a thorough going supporter and apologist of School Land operators, supplemental returns, bogus delegates, &c. If he is nominated, it will be the result of that species of individual exertion and packing process which characterized the last State Convention, and brought defeat upon its action.

We had hoped for better things than seems at present in store for the Democracy of this Congressional District. Probably our gloomy anticipations may not be realized and the Convention may bring forth a candidate that will draw out the whole strength of the party in his support and be elected. In view of the important issues involved in the campaign, this certainly should be the case. If the interests of the Democratic party in those issues is imperilled by injudicious and bad nominations the authors of them should be held to a rigid accountability by the party.

WISCONSIN'S BEST CROP.—If the wheat of the other portions of Wisconsin is equal in point of quality to that grown in the immediate neighborhood of Watertown then will the farmers of this state have harvested the present season the very best crop they have ever raised from a remarkable soil and genial sun. All the oldest buyers and most experienced millers all say that they have never before seen such full, plump, sound varieties as the present crop, and as to the [illegible] hardly a berry shows the least imperfection.—It is certainly as good if not clearly superior to the renowned Genesee wheat in the palmy days of that celebrated article twenty or thirty years ago, when it was preferred to all other the world over. In fact what the fertile and lovely valley of the Genesee river once was to New York the more productive, extensive and beautiful valley of the Rock river is now to Wisconsin. Our farmers are reaping the reward of the great care they have taken to secure those kinds which long trial has proved to be the most desirable. They can supply the markets of the east with such breadstuffs as will make Wisconsin flour more sought after than ever, and gain for it the highest place among the standards adopted as tests and this is an achievement of which we may well be proud.—*Watertown Democrat*.

MR BUCHANAN'S NOBLE DESIRES.—Governor Brown, in his letter which will be found in another column, gives to the world the pious aspirations of that political saint, James Buchanan. It is in these words:

"If I can be instrumental in settling the slavery question, (which means to admit slavery into all the Territories) and then add Cuba to the Union, I will be willing to give up the ghost."

The good old Simeon of negro driving Democracy if he can carry slavery to Kansas, Nebraska, Oregon and California, and then prevent emancipation in Cuba by annexing it to the United States will be willing to depart in peace!—and this is the candidate of the Democracy!—Madame Roland, when going to the guillotine by order of the terrorists exclaimed "O Liberty, what crimes are perpetrated in thy name!" may we not exclaim, O Democracy, what tyranny and hypocrisy are practiced in thy name!—*National Era*.

BROKE JAIL.—Three prisoners, David Morgan, waiting trial for stealing horses, Luman Holcomb ditto and Henry, a German, (surname unknown) for an attempt to kill, escaped from the Jefferson County Jail at this place, last night week. All effort to recapture them has, so far, proved futile, although the Sheriff and his assistants have been on the active look out. A reward of $200 is offered for their apprehension and delivery here, being $100 for Morgan, and 50 each for the others. They are described as follows:—Morgan—about 5 feet 5 inches high, blue eyes, rather sandy hair, low forehead, freckled face and pock marked. Holcomb—5 ft 7 inches high, stoop shouldered, dark hair and dark moustache—had on a lined coat, blue cloth pants, and chip hat. Henry—about 5 ft 5 inches high, thin built, pretty long brown curly hair, broad forehead, blue eyes, heavy coarse voice and speaks broken. They are desperate characters, and we hope soon to chronicle the fact of their return to the charge of the officers.—*Jefferson[illegible]*

WOOL.—The sales of wool in Ripon, for the last season amount to over 17,000 lbs. The quantity will, we think, compare favorably with that purchased in any other point. Our farmers and stock raisers have taken commendable pains to improve their flocks. One of them, it will be remembered, paid $1,000 for the finest buck in the West last year, and a great many of the fine stock of Patterson and McAllister were purchased in this region. The purchases of wool were made as follows:

Messrs. England & Laudon, 10,000 lbs; French and Walds, 10,000 lbs, and Mr S Ford, 1,000 lbs. Mr Hammond, of Rosendale, purchased a considerable quantity in his vicinity, including the heaviest lots clipped.

The Carding works of Simeon Ford in this place have carded 7,000 lbs wool, and now have a large amount on hand, and are constantly receiving additional quantities.—*Ripon Spur*.

HOOPS.—The Parisians call hoop skirts zephyrs. Tutz, of the Boston *Traveller* thinks that this is a highly appropriate name for them, for while walking with a lady the other evening, he was reminded at every step of the zephyr's *sigh*. (!) A broad hooped lady of Saratoga was out walking, just as a sudden shower came over the plain, passing square across like a wall, so that while the upper portion of the village was drenched, the lower was not even sprinkled, and she happened to be near the centre and the north part of her dress was utterly ruined, but the unsoiled south half is still sufficient to clothe several of her daughters.—*N. Y. Mirror*.

NEW PROPELLER.—A new propeller built for the Chamberlin, Crawford & Co's Northern Transportation Line between Chicago and Ogdensburgh, was launched on Saturday last by the ship wrights Quayle & Martin. She was built under the direction of Capt Keating, and is adapted to the navigation of the Welland Canal. Her keel is 137 ft, beam 26 ft, and hold 11½ ft; tonnage 380 tons.—She is to be propelled by a single wheel, and an oscillating cylinder engine from the Cuyahoga Steam Furnace. She will be completed by the first of October at a cost of $25 000. She will be commanded by Capt Rossman, her former owner of the propeller *Lady of the Lakes*. The line will then include fifteen propellers.—*Cleveland [illegible]*

BURNING OF THE PROPELLER LADY OF THE LAKES?—[illegible] from the Cleveland *Herald* of [illegible] evening, we get some [illegible] concerning the burning of this vessel at Dunkirk last Friday night. She arrived there at 6 P M Friday and [illegible] at [illegible] her freight being discharged her fires were put out. Just after midnight the watch on the dock discovered smoke issuing from her and gave the alarm. Immediate exertions were made to put out the fire, which seemed to be confined to her hold and flames bursting [illegible]. The Depot Superintendent however, fearing the fire might communicate to the buildings ordered her cut loose, which was done, and efforts to save her were of course suspended. She drifted towards the breakwater and in ten or twelve minutes after being cut loose the flames [illegible] and consumed her. All the personal effects of the officers and hands were lost, as also some money [illegible]. She was sailed by Capt Slassions—and was some ten or twelve years old, worth about $5 000 and not insured. It is supposed she caught fire under or near the boiler before she arrived at Dunkirk.

Chills and Fever

TO THOSE who are afflicted with this disagreeable and baffling malady we would state, that after years of hitherto unavailing research, a medicine has been discovered which will, in every case, effect a certain and permanent cure of this dreaded disease. It is not a quack nostrum prepared to extract money from sufferers, for the proprietor offers to refund the money if a cure is not effected after following the directions. He is assured by the evidence of hundreds of cures which they have effected that this medicine is in reality the remedy so long desired in the Western country. This valuable medicine is prepared in the form of a pill from the bark of a shrub which has proved to be a perfect antidote to Malaria. They are simple and plain in their nature, powerful and active in their operation, and perfectly harmless to the system, having no other than a specific effect upon the disease which is truly wonderful. Some persons have stated that these pills must contain arsenic, or some powerful mineral, owing to their quick effect in curing this disease. The proprietor would state that he will pay one thousand dollars to any chemist who will find one particle of mineral in this composition.

Certificates of cure from persons of the highest respectability can be obtained by calling at the Drug Store of HENRY FESS, JR, No 195 East Water street.

N B. One great recommendation for these pills are that they only require about five to effect a cure. Enquire for THAYER'S OMEGA PILL, for the immediate cure of chills and fever or intermittent fevers of every description. Prepared and sold wholesale and retail by FRED W THAYER, 697 Washington street, Boston.

Dalley's Medical Pain Extractor

THERE never has been a discovery made in the Materia Medica whereby pain can be so quickly allayed and where parts in a high state of inflammation can be so rapidly reduced to their natural state, nor where wounds and sores can be so rapidly and thoroughly healed, and decayed parts restored without scar or defect, than with DALLEY'S MAGICAL PAIN EXTRACTOR.

In cuts, wounds, sprains and bruises—casualties to which children are so constantly subject—the action of the genuine DALLEY'S PAIN EXTRACTOR, is ever the same! How much pain and suffering may not thus be prevented! Moreover, life itself is often dependent upon having on hand the genuine DALLEY EXTRACTOR, and for particulars of which I respectfully refer to my printed pamphlets, for the truth of which I hold myself responsible.

No cases of burns or scalds, no matter how severe has ever yet, in any one instance, resisted the all powerful, pain subduing and healing qualities of the DALLEY'S PAIN EXTRACTOR.

No PAIN EXTRACTOR is genuine unless the box has upon it a Steel Plate Engraved Label, with the signature of C V CLICKENER & CO, proprietors, and HENRY DALLEY, manufacturer. Price 25 cents per box.

☞ All should be addressed to C V Clickener & Co, 76 Barclay and 232 Greenwich street, New York.

Sold by all Druggists and Medicine Dealers throughout the United States. jy10d112d&w6m

STEALING BRASS BOXES.—A man named Jo[illegible] Wilson was arrested by Policeman Be[illegible] charged with stealing from the cars of the Green Bay, Milwaukee and Chicago Railroad Co 6 brass boxes, of the value of $12. The defendant after an examination was held for trial at the Circuit Court, and in default of $500 bail was committed to jail.

Timo[illegible] was fined $5 for an assault and battery upon Patrick Quin[illegible] case was appealed to the Circuit Court.

Margaret [illegible] was tried for an assault and battery upon Ellen Barton found not guilty and discharged.

The windows of the Police Court in the west end have been fitted with green blinds, which greatly add to the comfort of the room.

COMMON COUNCIL PROCEEDINGS LAST NIGHT.—Committee on Finance reported in favor of cutting down C E [illegible] bill to $400, by making out two copies of the assessment roll at $120 and [illegible] Comptroller.

Contracts for building the new watch houses in the second and Seventh Ward were awarded to John Rye[illegible] for $1,5[illegible] each. There were eight parties bid for the contract, the highest bid $2,150 each, nearly $7,000 difference between the highest and the lowest bids, and only $3,000 between the two lowest.

A bill (concocted by the legislature) for the establishment of a Municipal Court in the city of Milwaukee was introduced, and a resolution was passed recommending its passage by the legislature.

On motion of Alderman Hoover the bill was ordered to be printed three times in the official papers of the city.

(We call the undivided attention of the people to this bill. We cannot but regard it as a stab at the rights of the people, and an attempt at infringement upon their statute and even constitutional rights. The public may thank Alderman Hoover for an opportunity of even seeing and reading the bill, before it was hurried to its passage within a few days of the legislature. We call upon them to *read the bill* by all means.)

Ordinance creating a sinking fund read a third time and passed.

Ordinance passed repealing the ordinance creating a Back Co.

An Ordinance passed extending the fire limits.

An ordinance to regulate Hackney Coaches, Cabs, Drays and Omnibuses, containing 15 sections was passed *without being read*.

Council adjourned to two weeks from next Monday.

THE CONCERT LAST NIGHT.—Miss LOUISA PYNE was greeted last night at Young's Hall by a large and highly gratified audience. The well established reputation of the Pyne & Harrison English Opera Company had preceded them, and prepared our lovers of music for a rich treat, and they were not disappointed. The Company is an admirable one in every way, and those who, from neglect or other engagements, were not present will doubtless hear from their friends who were wiser or more fortunate, how much they missed. Miss Pyne's rendering of "Casta Diva" in the first part, was magnificent and fairly carried the audience away with enthusiasm, as the applause testified at every pause, and it was loudly encored. The fair *prima donna* responded by singing "The Last Rose of Summer," giving it with great tenderness and effect.—It is very much to be regretted that we cannot have a repetition of the performance.

FRENCH BOARDING SCHOOL.—We take pleasure in again inviting the attention of parents and guardians to the announcement of Madame Seibert's Boarding School for young ladies. The following note from Rev Dr AKERLY, rector of St Paul's (Episcopal) Church speaks for itself and we cheerfully endorse the favorable opinions therein expressed.

Messrs Editors.—In the advertisement of Madame Seibert's School, published in your paper, my name appears as one of the referees. Allow me to state that its use was not allowed as a matter of course, but after examining testimonials of the most satisfactory character as to that lady's competency and experience as a teacher.—There are already excellent schools for young Ladies in Milwaukee without any detriment to these however from the rapid growth of our city, there is ample room for another, and the establishment of a French Boarding School of a high order, where French is spoken in the family, by a native of France affords peculiar advantages, particularly to those who would acquire what is an indispensable accomplishment in a young lady's education—a correct knowledge of the French language.

Allow me to express the hope that Madame Seibert's enterprise may meet with encouragement and patronage from the citizens of Milwaukee. W W A

STREET COMMISSIONERS' ORDERS.—SECOND WARD.—Proposals called for till 6th September for grading Seventh street from Cedar to Hill street.

Poplar street, from Fifth to Eighth street.

Also for the construction of gutters and for planking sidewalks on both sides of Winnebago street from 7th to 11th street.

Also, for filling so as to abate nuisances lots 12 and 15 in block 127.

Third Ward.—Blocks 165, 166, 167 declared nuisances and ordered filled in 15 days.

Sixth Ward.—Proposals till Sept 6th for repairing grade and paving gutters on Cherry St, from 3d to 4th.

A STEAM FIRE ENGINE FOR MILWAUKEE.—The Board of Underwriters of this city have adopted the following resolution in reference to obtaining a Steam Fire Engine for this city. We think well of the proposition and commend it to the prompt attention of the Council.

OFFICE BOARD OF UNDERWRITERS, Milwaukee, Aug. 27, 1856.

At a meeting of the Board the following resolution was unanimously adopted:

Resolved, That the President appoint a Committee to petition the Common Council to purchase a Steam Fire Engine for the use of the city.

The following named gentlemen compose the committee: A Wellington Hart, S S Daggett, J W Crain, W Henry Hollard.

PATRICK SMYTHE, President.

W HENRY HOLLAND, Sec'y.

DANGEROUS COUNTERFEIT.—A large amount of counterfeit bills was offered in our city yesterday, and in many cases passed. The bills are Tens on the *Indiana State Bank*, at Bloomfield, not secured, having the figure 2 in the upper left hand corner, and the same figure, with the word "Two" over it in the upper right hand corner. Lower right hand corner, a train of cars; lower left hand corner, a canal boat, &c. Signed by H B Warner, President, J C Bennett, Cashier.

Look out for the scoundrels who are passing the money.

DEMAND FOR THE LIFE OF FREMONT.—An enterprising book firm of our city sent a few days since, to a house in New York for a supply of Greeley & McElrath's *Life of Fremont*. They receive for answer that they must wait two or three days. The Eastern firm write to Messrs. Greeley & McElrath—

"Have printed 700,000 of the Life of Fremont, and 8 presses are running on it all the time. If the comparative sale of Republican and Democratic documents could be taken as a basis of the Republican vote, Fremont might as well be selecting his cabinet. He is sure in this State."—(New York.)

BALLOON ASCENSION.—Professor PUSEY desires us to say that he will make another ascension as soon as the Gas Company can furnish him with the gas requisite for the purpose—probably within a week. He will remain in the city until he makes the ascension, and wait upon our citizens for their subscriptions. The gas works are out of order, and in course of repair, and cannot, at present, furnish more gas than the city requires.

☞ Rev. Mr. GANO, of Whitehall, N Y, will preach in the South Presbyterian Church, next Sabbath, (to morrow.) Services commencing at half past 10 A M, and at 8 o'clock P M.

FOR COLLINGWOOD.—The staunch steamer *Niagara* will leave for Collingwood to-morrow morning at 8 o'clock, from Higby's Pier. For berths and tickets, apply to JAMES, Agent, on Huron street.

Hotel to Rent.

A VERY DESIRABLE HOTEL, conveniently situated, on the corner of Detroit and Jefferson streets, Third Ward, City of Milwaukee, is now for rent. The building has been arranged and fitted out under the superintendence of Mr Mc D Smith, late of the Milwaukee House, who had agreed for the same, but in consequence of the loss of his wife, has been constrained to abandon the idea. To a person qualified for the business, no more desirable opportunity can offer. For particulars apply to the proprietor. aug26d&w1w. JOHN JENNINGS

City Land Office.

GREAT AND EXTENSIVE SALE of Lots in KILBOURN CITY situated on the Wisconsin River at the point where the La Crosse and Milwaukee Railroad crosses the river and must and will be the important station between Milwaukee and La Crosse.

The Wisconsin River is capable of furnishing the greatest Water Power of any river in the United States. The manufacture of lumber of which over one hundred millions of feet are annually manufactured on the Wisconsin River, will furnish immediate use of the greatest portion of this water power. The Wisconsin River abounds in pine forests which are more extensive than those any other river in the West.

The site of Kilbourn City is magnificent, being a plain rising from a bluff elevation of 80 feet at the river bank to an elevation of some 200 feet, where it meets the table land two miles east of the river. The Oak Openings, and the land lays beautifully.

The best, purest and softest water can be had by digging or boring. Kilbourn City was laid out in July, things commenced 1st Sept last, since which time some 15 or 20 buildings have been erected, at a cost of from one to three thousand dollars each, and great numbers of others are in process of construction.

In fact it would require two columns of one of our daily papers to give an adequate account of the advantages of Kilbourn City. One word is sufficient and that is this. There has been no city laid out in many years which has offered so many inducements and advantages, and where capitalists can invest their money so certainly as in Kilbourn City.

To those who are migrating to this country here is a great opportunity. Go and attend this sale, which comes off Monday August 18th, and continues from day to day through the week. Over one thousand lots will be offered. The terms of payment will be very easy. A small amount will be required down, and the balance on long time, (particularly to those who intend to build.)

Kilbourn City is in Columbia Co., State of Wisconsin.—You take cars from Milwaukee to Beaver Dam, where you will find conveyance to Kilbourn City. Maps of said city will be ready in a few days and can be obtained by calling at my office.

Reported for the Daily Sentinel

[PRIVATE DISPATCH.]

JOHN VAN BUREN IN CHICAGO.

CHICAGO, Aug 29.

To the Sentinel.—A crowd, consisting of about five thousand men and boys are listening to the harangue of Jno Van Buren on the public square. John evidently does not feel at home in his new vocation of defending the Slavery propaganda. He labors hard, and is not the John of "48" when he was "helping Dad" and the Free Soil party. He will speak in your city to-morrow night—no enthusiasm. B

[SECOND DISPATCH.]

CHICAGO, Aug 29—11 P M.

Van Buren just closed, did not advance an argument. Voted a failure by thousands, who gave three cheers for FREMONT!

A gentleman from Pennsylvania speaking in German. B

NINE P. M REPORT.

Congressional.

Washington, Aug 29.

HOUSE.—Motions were made to adjourn on Monday and Tuesday, but were disagreed to by yea and nay votes.

Mr Haven hoped the House instead of trifling in this way, would resolve itself into a Committee and go to work like men. Cries of "Agreed and 'Good.'"

Ineffectual motions were again made to adjourn over, but finally it was agreed to adjourn until to-morrow, by 2 majority. Adjourned.

SENATE.—The question was stated to be on the motion of Mr Hunter to adhere to the disagreement on the Army Bill.

Mr Bell, of Tenn, rose to express his views on the subject.

Mr. Hunter stated that it would be desirable for the Senate to take the question on adhering, so that the House might take action. The Senate adhered, 32 to 4, Messrs Durkee, Harlan, Trumbull and Wade. Mr Seward had paired off.

Mr Houston presented a memorial for Texas in behalf of Judge Terry of California, who is in the hands of the Vigilance Committee, referred to Committee of Judiciary.

Mr Bell, of Tenn, spoke on the subject of affairs in Kansas, and the various measures which had been brought forward for the relief of the inhabitants of the Territory. He declared himself in favor of the bill now pending. The attempts thus far to preserve the peace of Kansas has proved abortive and been a complete failure—there was an indispensable necessity that something more should be done.

He hoped that Congress would not adjourn before the 4th of March next, unless some measures at redress should be adopted. Mr Hunter moved to lay the bill on the table, but as there was not a large attendance, by general consent the vote was postponed until to-morrow.

Yellow Fever at New York.

NEW YORK, Aug 29.

The *Evening Post* gives the names of a list of 49 passengers, who died at Fort Hamilton since July 24th. The *Post* also learns that between Saturday and Monday last there were 15 new cases at that place—a proportion to the population greater than the mortality at Norfolk.

NEW YORK, Aug 29.

It is rumored that efforts are being made to induce Gov Johnson to decline in favor of Mr Dayton. The matter causes considerable excitement among the North Americans, who declare in that event that they will turn their whole strength over to Fillmore. Some deny the truth of the rumor and declare that Johnson will not forsake the North American cause.

Washington, Aug 29.

Messrs. Hall of Iowa, Flenniken and Watson, members of the House have returned. The last named gentleman is paired off. Bayard Clarke is paired off with Mr. Valk. The Rev Mr Waldo opened Congress with prayer at noon to day for the first time this session.

The Senatorial caucus this morning again resolved to remain in session in the hope of passing the army bill. The disbursements of the sergeant at arms of the House of Representatives on account of the pay and mileage of members and Delegates amounts up to this morning to $1,098,000 or $40,000 more than it would have been under the former compensation laws.

OFFICE OF NATIONAL KANSAS COM., CHICAGO, Aug 28, 1856.

To the Editor of the Tribune.

Please notice in your columns that W H Backus, Esq., Superintendent of the Burlington and Missouri River Railroad has extended to the National Kansas Committee one thousand free tickets from Burlington to Mount Pleasant, Iowa. This reduces the fare from Chicago to Mt. Pleasant (via C B & Q. R. R.) to three dollars for Kansas emigrants. Respectfully,

PERFECT PROTECTION FROM THE ELEMENTS.
WEST'S
Patent Galvanic Cement for Roofing.

THE ATTENTION of Architects, Builders, and the public generally is invited to this roofing—as being far superior to other compositions in use for like purposes. In fact, we think it superior to any other Roofing, for it has more essential qualities combined required for roofing, than any other material used, viz. Imperviousness to water, incombustibility, durability and cheapness. It is Fire and Water proof, and can be applied to flat or steep roofs. In its texture and appearance it resembles slate—will not soften and run in the warmest weather, nor become hard and crack in the coldest.—Therefore it forms a good walk on piazzas, flat roofs, car tops, steamboat decks, &c. Its fire proof qualities particularly adapts it to Railroad buildings, engine shops, &c. It is especially adapted to repairing old roofs, seaming around battlements, sky lights and chimneys, and for lining eave troughs, &c.

This roofing is being extensively used in the Eastern States on the most expensive buildings. Testimonials may be seen from the owners of buildings, Builders and Architects, and also specimens by calling at the office.

The subscribers own the right for the State of Wisconsin, and will sell territory by counties or towns, on favorable terms.

For further information apply at the office of the subscribers, Architect and room in Mygatt & Schmidtner, corner West Water and Spring streets, or to J. Y. Cheney, one of the proprietors, No. 4 Market square.

TO BRIDGE BUILDERS.

THE La Crosse & Milwaukee Railroad Co invite proposals, with plans and specifications, until Wednesday noon, Oct. 15th next, for building a bridge over the Wisconsin river, on the line of their road. This road extends in a north-westerly direction across the State, from Milwaukee, on Lake Michigan, to La Crosse, on the Mississippi River, crossing the Wisconsin River at Kilbourn City, in Columbia County. The river, at this point, runs in a rocky bed, the banks of which are vertical rock bluffs to the height of 50 feet above the water, at which point they are at the grade of the line of the road, and about 300 feet apart. The water is about 30 feet deep, having, in the middle of the stream, a few feet of sand overlaying the rock bottom. It is proposed to erect two piers about 50 feet from either bank, at which the water is about 5 feet deep at low water, with a clean rock bottom, giving a span in the middle of 200 feet, and two short spans at the ends, resting upon the natural rock as abutments. It is desirable so to construct the bridge as to give a wagon way below the R. R. track, passing the latter over the higher section of the bridge. The Company reserve the right to award the contract to any parties, on any plan furnished; but in case of their giving the contract to any builder on any plan furnished by any other person, they will pay to the person furnishing such plan the sum of FIVE HUNDRED DOLLARS, in full consideration of the plans and specifications so adopted.

THE EAGLE
STEAM FOUNDRY!
—OF—
TURTON & SERCOMB,
296, 298, 300, 302 and 304 West Water St.

IS STILL IN FULL BLAST, WORKING DAY AND night to supply the daily increasing wants of the Badger and other States.

In order the better to do this, the proprietors have erected a large brick Foundry in addition to their former premises. They have added to their stock of Tools a large Planing or Shaping Machine, three Lathes, and a Machine for making bolts, and are now putting in a Steam Engine of — horse power to drive the whole, thereby adding to the former facilities for the successful carrying on of the Foundry, Machine, Engine and Blacksmithing business. They never were in a better position for doing business, and

In regard to the character of the work got up by this

The Oldest Establishment in the State

the Proprietors refer to that in successful operation through the country as their best recommendation, as it can speak for itself. All they can say is, that they are both PRACTICAL MECHANICS, and know how work should be done as well as the next man.

They continue to manufacture FLOUR and SAW MILL GEARING, and STEAM ENGINES, on the most approved principle.

They have always on hand a large stock of BRASS WORKS such as GUAGE AND CYLINDER COCKS, OIL CUPS AND COCKS, and STEAM WHISTLES. Also TURTON'S FILES, which they will sell at the lowest cash price.

They are also Agents for EASTMAN'S PATENT STEAM GUAGES, which are well worth the attention of all those who use Steam Engines.

In conclusion, they invite a continued share of the patronage of their old friends, and solicit a call from all those in want of Saw or Flouring Mill Work, assuring them that no exertions will be spared to render the Old Eagle worthy of the reputation it has already gained.

Their motto is, "*Excelsior.*"

BAYLIES & LINCOLN'S
Milwaukee Commercial College
212 and 214 East Water St.,
MILWAUKEE, - - WISCONSIN.

THE proprietors of the Milwaukee Commercial College would respectfully announce that the liberal patronage that has been extended to this deservedly popular enterprize has led them to extend the field of study, so that it will embrace every branch of a thorough Commercial Education. As there are no classes formed in any department of study—(thereby enabling the student to enter any time, each one receiving separate instructions)—the student, on entering, is placed in the Counting Room, with actual transactions to work from, thus making his education not merely theoretical, but practical to the last degree. The Commercial Course comprises Book Keeping by Double Entry, in its various forms, as adapted to Wholesale, Retail, Commission, Manufacturing, Custom House, Banking, Railroading, in stock partnership, and compound Company business, Commercial Calculations in per centage, Exchange, Bank and Regular Discounts, Averaging, Accounts by Simple and Compound Equations, &c., according to the most approved methods. Commercial Correspondence, including account sales, account currents, drafts, bills of exchange, &c., &c.

Also, a perfect system of detecting Counterfeit Bank Notes, will be given to each student.

A good Hand Writing guaranteed to every person completing a full course.

During the Seasons, Lectures on Commercial Law will be delivered by eminent legal and business men, and no pains will be spared to make this department particularly attractive.

The Reading Room will be supplied with the various Daily and other papers and publications.

Particular attention will be given to Ladies who may wish to acquire a business education, and separate rooms have been beautifully fitted up for their use.

Merchants and other business men are informed that, at any time, by a few days' notice, they can be supplied with competent Accountants, and young men will be assisted in procuring situations when desired.
